

To whom it may concern,

sorry for the late submission on the future of policing in Ireland but I do hope you will accept the following:

"I feel it is very important to build morale within the Garda Force and the best of way of doing this is to have an annual awards ceremony in each Division acknowledging any acts of bravery and courage carried out by members during the previous year, I had the pleasure of attending such an event in the Athlone Garda Station last year whereby a large number of Gardai received awards".

Thanking You
Frankie
