| Title of Submission: | Police reforms |
| Comments: | <p>It's great opportunity and good time for me to submit reforms in police , which I was eagerly waiting for few years.</p> <p>My Sincere and humble request by myself and on behalf of Waterford Tamil Sangam non profit Organisation, running for the benefit for all the people in Ireland.</p> <p>We Sincerely submit that the police department should provide more CCTV camera through out country, I know that u might say , that budget is very less to fix all over the country.</p> <p>But at least first fix 200 CCTV cameras in Waterford small City , and make the city as crime free. Then in future automatically budget will be b provided in whole country.</p> <p>Even two days back there was petrol bomb attack in Ballybeg, still could not find the criminal. If u would have fixed camera, it might be very easy to catch the criminal.</p> <p>So my first recommendation or reform is to fix waterford city nearly 200 extra cameras. On which Waterford Tamil Sangam will donate one camera.</p> <p>My second reform is why always same person be in Garda job for more than 35 years, no opportunity for others. Person should be given only 20 years job in Garda. Then turn should come for batch or next generation. I see the same person in Garda for my life time. It is not fair.</p> <p>My third reform is why there is not night patrol regularly. Need more night patrol.</p> <p>Thanks Regards</p> <p>██████████ On behalf Waterford Tamil Sangam</p> |
